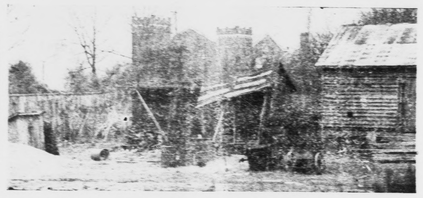
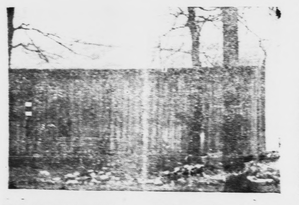
Others will be taken and published AFTER CLEAN-UP WEEK

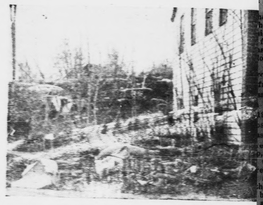
Let's cooperate and beautify our community! Clean up, Paint, Repair, Plant!

Give Visitors a good Impression of Our Town: Support CLEAN-UP Week!



Don't judge the "Other Fellow" Beautify YOUR Property! Next week is Clean-up Week!





Have proper containers for trash and garbage. Keep cans and fix them so dogs can't turn them over. A frame may be built and hidden by shrubs, with a snap hook on each end of a chain. A drum with hole in it is ideal for burning trash, etc.

Burn trash at once before it blows away.

Try not to drop paper on the Street.

Respect public property as you would your own.

The Garden Club appreciates the fine co-operation of town officials and others in planning this drive. Let us keep our town and community neat and attractive all during the year.

Plant Shrubs and Flowers!

Seed Payments Are Planned By Triple A

In anticipation of a continued shortage of certain legume and grass seed in 1946, a special payment program has been announced to encourage farmers to produce and harvest red clover, alsike clover and alfalfa seed, says W. T. Nash, chairman of the Appomattox County AAA committee.

Payment will be made on a clean seed basis, and only on seed which are sold into commercial channels before January 1, 1947. According to Mr. Nash the rate of payment will be 7c per pound for alfalfa, 6c per pound for red clover, and 7c per pound for alsike clover.

CANTEEN PARTY

The Spanish Club of the Appomattox High School sponsored the Canteen party Friday night, April 5. It was a Spanish fiesta and everyone participated by wearing Spanish costumes. Special entertainment was given, which was characteristic of Spanish fiestas. "South of the Border" songs were sung. "Ithrawn and Yolanda", famous dance team, were portrayed by Jame Hall and Harold Campbell. The great dancer from Mexico, Carmen Miranda, was portrayed by Philliecita Carter. Spanish romancing was depicted by Joyce Wingfield and James Hall.

The climax of the evening was a magnificent event, the bull fight. The matador was Lawrence Watson and the picador William Watson. They tried to "kill za big bull", but failed, because the two Misters, Melwyn O'Brien and Louise Covington of the "Appomattox Society for the Prevention of Cruelty to Animals" came in and protected the big bull while the picador and the matador were carried away on stretchers.

The breaking of pinatas filled with candy was great entertainment. Prizes were presented to Joyce Christian and Stewart Paulette for the best-dressed senorita and caballero.

Adios, hasta la vista.

Army to Make Tests to Learn About Space Ships

WASHINGTON.—Tests to determine whether "space ships" can be made a reality will be conducted by the army this summer.

An army ordnance officer said 15 WAC V-2 rockets will be fired straight into the air as part of the tests.

They will be equipped with various scientific recording instruments which, it is expected, will be freed and parachuted to earth before the projectiles explode.

The officer said that "many other factors will be tested with the launching of the Nazis' terror weapon at White Sands, N. M., far from human habitation.

The rockets were assembled, he said, from parts found or captured in Europe.

He said the rockets are expected to reach "a minimum height of 30 to 35 miles."

Funds Are Sent Here

New York, April 10.- A check for $1,480 has been sent by the National Foundation for Infantile Paralysis to its chapter in Appomattox County, Virginia, supplementing chapter funds depleted by the cost of care and treatment for poliomyelitis patients, Foundation President Basil O'Connor announced today.

Dispatched in response to an appeal from Chapter Treasurer Mrs. Joel W. Flood of Appomattox, Va., this check brings to $18,232 the total aid sent to Virginia this year. Other Virginia counties that have received such aid this year are, Page, Goochland, Augusta, Rockbridge, Dickinson, Botetourt, Lunenburg, Caroline, Lancaster, Pulaski, Powhatan, Buckingham, Scott and Lee.

No new cases of poliomyelitis have been reported by Appomattox County this year. Two funds sent are for the continuing care of patients from previous polio outbreaks. Virginia as a whole has had 36 cases as of March 23, compared with 13 cases for the same period last year.

Principal expenses of National Foundation chapters are hospitalization and transportation of poliomyelitis patients, special equipment and medical and nursing services.

Infantile paralysis is one of the most expensive diseases known to medicine, and few families can meet the cost of extended treatment. The National Foundation has pledged that no infantile paralysis patient need go without care and treatment for want of funds, regardless of age, race, color or creed.

The National Foundation's work is financed entirely by contributions to the annual March of Dimes, half of which are retained by local chapters for the care and treatment of patients.

RED CROSS CHAPTER URGES "CLEAN-UP"

The Appomattox Chapter of the American Red Cross endorses the Appomattox Garden Club's drive of "Clean-up Week." The Red Cross is vitaly interested in the health and general welfare of the people and the prevention of accidents, all of which goes hand in hand with a clean town.

Motorists are urged to follow closely the state and town regulations as to driving and parking motor vehicles. Especially should these regulations be obeyed in crossing the railroad tracks and in parking for the purpose of loading or unloading freight. It is vitally necessary that all thoroughfares be left open at all times and that motorists and railroad employees park and so place freight cars that a clear view can be had of approaching trains.

The Red Cross sponsors classes in accident prevention, first aid and water safety. We are interested in securing instructors and class members for these classes. Perhaps some of our ex-service citizens will volunteer to help in this field. It would probably be wise in the meantime to suggest that business houses and homes equip themselves with a well-filled first-aid kit.

Let's have a safer town and a cleaner town.

—W. M. Abbitt, Chairman.

S. C. A. REPORT

Six members of the Appomattox Student Council and one sponsor attended the Lynchburg District S. C. A. meeting at Lynchburg College Wednesday, April 3. The general theme of the meeting was "Experiencing democracy through the student council." There were four group discussions in which one delegate from every school was supposed to attend. The college students were very cordial, as well as the faculty members. All delegates attending from this school found the program very interesting and beneficial. It is now hoped that our own S. C. A. in this school will be improved.

Those attending from the Appomattox High School were: Garland Reynolds, Billy Johnston, Louise Covington, Mary Spiggle, Margery Godsey and Bolly Conner. Mrs. Maurice Gordon also went as sponsor.
